SAMBATH S

MBA , ENGINEER

sambaths1@outlook.com +91- 8714242709 Trivandrum, Kerala sambath0009 sambaths

EDUCATION

Birla Institute of Management Technology (BIMTECH) Jun. '18 - Mar. '20
PGDM Operations 2020

University of Kerala May '13 - Nov. '17
B.Tech Mechanical Engineering 2017

INTERNSHIP

Tata Consultancy Services, *Intern*, Cochin, Kerala Apr. '19 - Jun. '19

Project Title: Vessel Performance Monitoring, Optimization and Prediction using IoT and Data Science

Learnings/Skills developed:

- Developing an end-to-end data science problem using CRISP-DM and AGILE methodology
- Developed dashboards for Fleet Management and Port Utilization using Tableau
- Achieved 90% accuracy on Regression and Classification models that predicts the fuel consumed and failure of vessel components using Python.

SKILLS

Programming: Python, R
Enviornment: Linux
Design: Photoshop, Lightroom, Premiere
Storage: MySQL, BigQuery
Tools: Git, VSCode
DevOps: GCP
Analytics & Visualization: Tableau, Alteryx
Libraries: TensorFlow, PyTorch, NumPy, Pandas, Scikit-Learn, Keras
Statistical Analysis: SPSS

ACTIVITIES

Quiz Club of BIMTECH(QCB), *Executive Member* Aug. '18 - Mar. '20
QCB is responsible for conducting intra college and national level quizzes. The Flagship event of QCB is Cognicioun, a national level quiz, in which participants come from both industry and academia.

freetechinc.com, *Creator and Developer* May '10 - Nov. '11
Freetechinc.com was a website that gives latest technological developments, online privacy and security tips etc. to its readers.

PROJECTS

Plastic Shredder and Injection Prototype May '16 - May '17

- Designed and developed a low-cost plastic shredder with a focus on processing PET bottles.
- Designed and developed a low-cost plastic injection machine with appropriate molds for processing the shredded plastic.

CERTIFICATIONS

Python for Statistical Analysis
Modern Natural Language Processing with Python
Building Deep Learning Solutions with PyTorch
Advanced Machine Learning with TensorFlow on Google Cloud Platform Specialization
Machine Learning with TensorFlow on Google Cloud Platform Specialization
From Data to Insights with Google Cloud Platform Specialization
Lean Six Sigma Certification – Green Belt
Certification in Non-Destructive Testing & QA/QC Engineering
